[About Us](#)

## MISSION:

Wisdom Pet Medicine strives to blend the best in traditional and alternative medicine in the diagnosis and treatment of companion animals including dogs, cats, birds, reptiles, rodents, and fish. We apply the wisdom garnered in the centuries old tradition of veterinary medicine, to find the safest and most effective treatments and cures, while always maintaining a caring relationship with our patients and their guardians.

## VACCINATIONS:

Dogs and cats are susceptible to a variety of illnesses that can be completely prevented by following the appropriate vaccination schedule. At Wisdom, we approach vaccinations on a patient by patient basis, depending on the health and age of a dog, while also taking into account the vaccination schedules published by leading veterinary medical schools. Talk to your veterinarian about vaccinations for the most common preventable illnesses in your dog or cat. For dogs, this includes core vaccines for rabies, distemper, parvovirus, and adenovirus, as well, as non-core vaccines including Bordetella, parainfluenza, Lyme disease, leptospirosis, and canine influenza. For cats, this includes core vaccines for rabies, feline distemper, feline herpesvirus, calicivirus, and non-core vaccines including feline leukemia and Bordetella.

## PET VACCINATION SCHEDULE

Talk to your veterinarian about vaccinations for the most common preventable illnesses in your dog or cat. For dogs, this includes core vaccines for rabies, distemper, parvovirus, and adenovirus, as well, as non-core vaccines including Bordetella, parainfluenza, Lyme disease, leptospirosis, and canine influenza. For cats, this includes core vaccines for rabies, feline distemper, feline herpesvirus, calicivirus, and non-core vaccines including feline leukemia and Bordetella. Your veterinarian will discuss the vaccination timeline with you.

*Table 1 - Vaccination Schedule for Cats and Dogs*

Cats			Dogs		
Vaccination		Due	Vaccination		Due
Cats	FVRCP	Every 3 Years	Dogs	DHPP	Every 3 Years
	Rabies	Every 1-3 Years		Rabies	Every 1-3 Years
				Bordetella	Optional

## About Us

### DR WINTHROP

Dr. Winthrop is the guardian of Missy, a three-year old Llaso mix, who he adopted at the shelter. Dr. Winthrop is passionate about spay and neuter and pet adoption, and works tireless hours outside the clinic, performing free spay and neuter surgeries for the shelter.

### DR CHASE

Dr. Chase spends much of her free time helping the local bunny rescue organization find homes for bunnies, such as Kibbles - a Dalmatian bunny who is part of the large Chase household, including two dogs, three cats, and a turtle.

### DR SANDERS

Leroy walked into Dr. Sanders front door when he was moving into a new house. After searching for weeks for Leroy's guardians, he decided to make Leroy a part of his pet family, and now has three cats.
