Thank you for enrolling in the 365 Data Science Program!

Below you will find a detailed description of what follows next.

While you are reading this, you should be already receiving emails regarding your subscription. Since we've got several different feat to our product, we have decided to separate them in distinct emails.

IMPORTANT: Please make sure to find these emails in your inbox and whitelist us, to make sure you receive all important information about your subscription.

What are the next steps?

1. Payment Information

To access your invoice, purchase confirmation, and your subscription management page, please check your emails from 365 Data Science Payments.

2. Student Community

To join our student community in the Q&A Hub, please confirm the Q&A Hub account we've created for you. To confirm your account, input your email and create your own password by following the link in the email from **365 Q&A Hub**.

3. Program Enrollment

Once your enrollment is confirmed, you will be able to start learning. Your lessons access link and all information regarding our learning system can be found in emails from 365 Data Science.

4. Learning Resources

To get your 'getting started' roadmap, all downloadable resources, and study advice, please check the emails from your instructor team. These will come at regular intervals and will be sent directly by the instructor team, **The 365 Team** for short.

And that's it for now!

Don't forget to get your study roadmap our Team sent to you, and... good luck with your studies!

See you in class!
